

Arizona Annual League Conference

Parade of Flags

When we first arrived at the Arizona Annual League Conference, we attended the Parade of Flags, where each city and town in Arizona presented their flag and spoke of interesting facts about their city or town.

Leadership

The OYVAC representatives had the opportunity to participate in activities with other youth councils to improve our leadership and communication skills.

Leadership

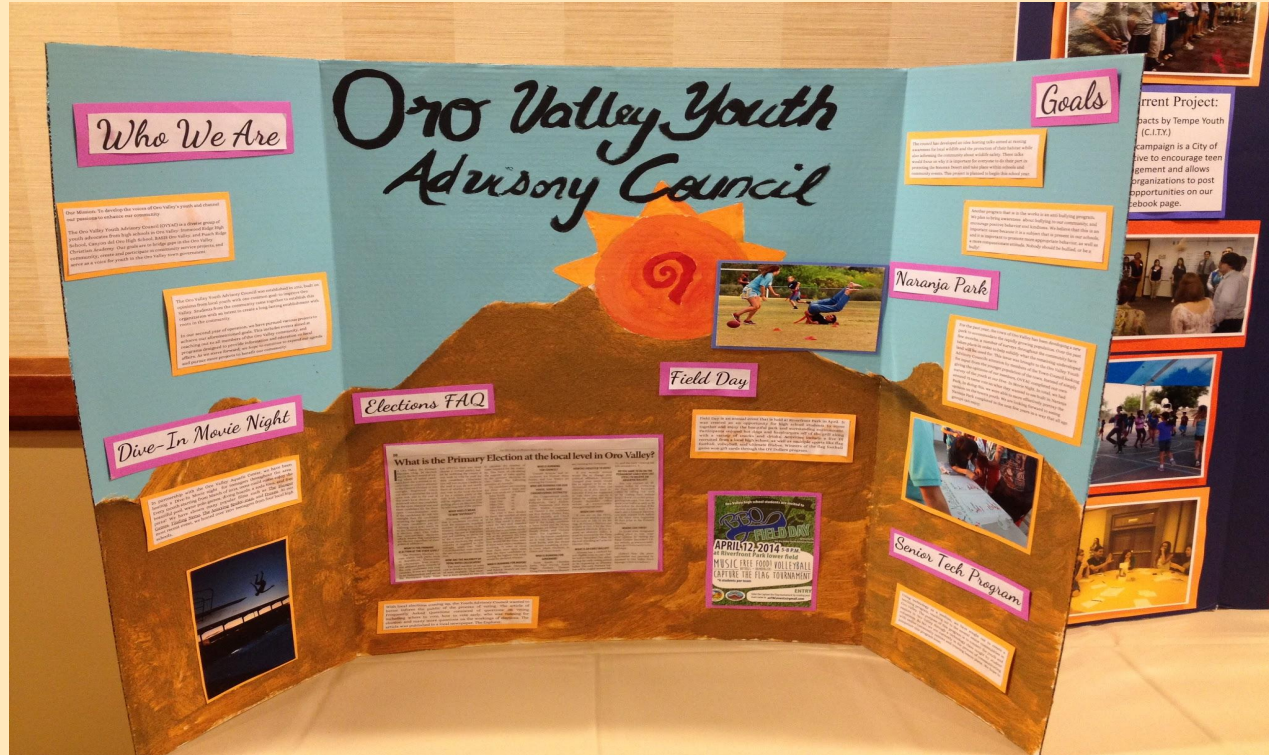

At the Youth Networking Event, each city or town that attended had a poster board presenting the ways each council impacted their community. The OYVAC representatives had the opportunity to view other youth council's boards and bring back new ideas to the other OYVAC members at home.
